## ***Our Story:***

The Wanamaker Library opened in leased quarters on April 14, 1969, at 8822 Southeastern Avenue in Franklin Township, as one of the library system's smallest branches (2,560 square feet). It was the fifth of the libraries to open in the county, following the expansion of service to county residents in 1966. The opening represented the culmination of the efforts of many local residents to bring library service to Franklin Township, and particularly to Wanamaker. As early as 1943, a group of women had formed a reading club and later unsuccessfully petitioned the Indianapolis Public Library for materials to begin a staffed-by-volunteers library in the empty Catholic Church building in Acton. Bookmobile service began in the township in November, 1966, first in Acton, then in Wanamaker. The leased building, occupied since 1969, was purchased by the Library Board on December 8, 1978.

To meet the growing needs of the patrons in the area, a 17,000 square-foot building was built in 1999. On February 6, 2000, the new Franklin Road branch opened to the public, replacing the Wanamaker branch. Franklin Road has become a well-known and vital part of the Franklin Township Community. Patrons utilize and depend upon our services, including eBooks and audiobooks, and wireless internet access. Programs for all ages are well-attended.

The branch is situated on Franklin Road between Thompson and Edgewood, just south of the railroad tracks. Because of the rural setting when the branch was built, it is decorated throughout with a country theme. There are 11 public computers and 6 AWE computers for children. Our community room is well-used by various area groups, such as homeowners associations and scout troops. It is also frequently rented for celebrations and business meetings.

In March, 2016, the branch was remodeled to include a pilot for a Marketplace, and 2 study rooms. Both have been well-received. The study rooms continue to be very popular.

The township has many subdivisions, and several businesses have located near the library. A small strip mall is adjacent to the branch, containing Subway, Donatos and Li's Garden Restaurants, and various other small businesses. Another building behind the branch houses El Rodeo Mexican Restaurant and Norma's Fine Wines. The Gymnastics Company built a gym behind the library. The largest employers in the area are St. Francis Hospital, and the Franklin Township School District. Important local agencies are the Franklin Township Civic League, the Franklin Township Chamber of Commerce, the Franklin Township Historical Society and the Franklin Township Lions Club. Contacts have been made with the local agencies, as well as the schools and businesses, to establish partnerships for joint ventures.

## **Highlights:**

### **■ Programming:**

Children's programming is very popular. Weekly sessions of Baby, Toddler and Preschool programs are offered. The juvenile PDA packaged programs are well-attended, sometimes at capacity. A bilingual English-Spanish preschool storytime was offered through PDA this fall and we hope to offer more Spanish, and possibly other languages in 2024. Franklin Road was one of the highest for SRP registration. Other systemwide reading initiatives such as 1000 Books By Kindergarten (499 registered) and 100 Books Before Graduation (167 registered) are also popular.

Teen programs offered by PDA are gaining popularity and the children's librarians are planning to offer more in-house programs next spring to encourage more teen participation.

The monthly adult book discussion group, which has been meeting since the branch opened in 2000, has seen a great jump in attendance over the past year, with 15-19 attending each month!  
(80 total in 2022, 182 total in 2023)

We offer basic Computer classes/eReader drop-ins, and are offering a Canva Class in December  
Adult packaged PDA programs are popular, especially those focusing on crafts, writing and cooking/health and wellness.

Franklin Road has participated in the Seed Library for 2 years. It is very popular.

■ **Community Contacts/Partnerships:**

Franklin Township Chamber of Commerce – Franklin Road is a member. Adult PSL Deborah Jones is secretary and attended monthly meetings.

Franklin Township Civic League/Franklin Township Informer – The Civic League office is located in the building that formerly housed the library. We have partnered with them in their annual winter drive to assist families with food, clothing and gifts. This year we were a drop-off point for personal hygiene items. Prior to Covid the Franklin Township Informer was published weekly and delivered to subscribers. Adult PSL Deborah submits weekly “New at Franklin Road” adult book lists, which are now published on the Civic League Facebook page, in the absence of the weekly Informer.

Mayor's Neighborhood Advocate – The Mayor's Neighborhood Advocate, Jenny Menelas, holds weekly office hours to provide easier access for patrons to ask questions or express concerns in person, closer to home.

Wanamaker Early Learning Center – This preschool opened in 2019 in the former Wanamaker Elementary School building and is part of the Franklin Township School System. The children's librarians visit monthly to read stories and share information with the students and staff.

WIC -- hosts open office hours monthly in the branch through their mobile Unit. This gives parents the opportunity to sign up for the program and conduct their required check-ins in their own area. Office hours are on Wednesday, which coincides with our toddler program. They began in 2018, with a break during Covid. (2018 – 45, 2019 – 112, 2023 - 122)

Immigrant Welcome Center – Began a new partnership in Fall, 2023, in part to reach more of the Sikh Community in the area. The branch hosted 2 Yoga and Wellness programs, and plans are underway to host another yoga series, and possibly other programs, in 2024.

■ **Outreach:**

- Wanamaker Early Learning Center
- Wanamaker Old Settler's Day
- Edgewood Intermediate School Fash Flash (Back to School Night)

# Wi-Fi Utilization – Total Connections

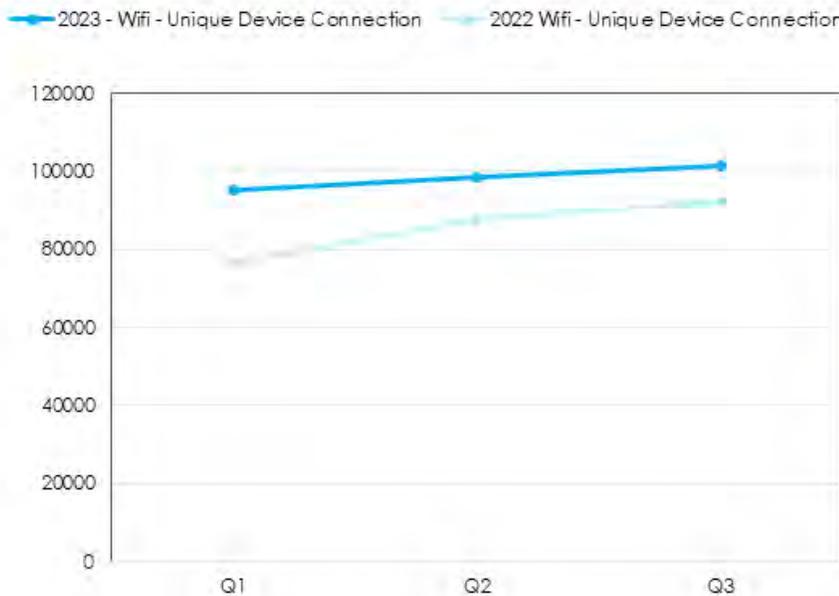

Total Wi-fi connections is a capacity measure that shows the total demand for Wi-fi. PC Usage is measured per sessions, so this is a comparable measure for Wi-fi. However, we know that devices will automatically connect multiple times in a single visit, so this is an upward bound of demand not a direct measure.

Wi-Fi – Total Connections			
	2023	% Change	2022
Q1	1,150,581	28%	902,382
Q2	1,132,518	19%	953,879
Q3	1,157,029	11%	1,040,562

# Wi-Fi Utilization

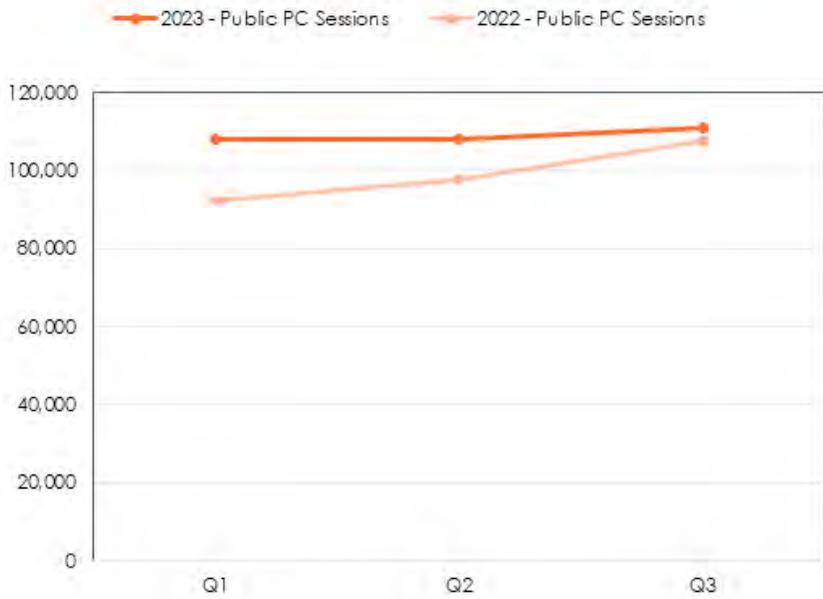

A single device may connect multiple times during a single visit or during repeat visits, so examining only unique devices connected is a more reliable measure of number of patron using Wi-Fi.

Wi-Fi – Unique Device Connections			
	2023	% Change	2022
Q1	95,022	24%	95,022
Q2	98,405	12%	98,405

# Public PC Utilization

% of the branch's total available public PC hours during which a public PC was in use.

A new public PC management system is being piloted which will allow for more accurate measurements and to identify peak usage hours. Combined this will allow for identify if branches have sufficient public PC capacity.

## Board Action Request

**To:** IMCPL Board **Meeting Date:** December 18, 2023

**From:** Diversity, Policy and HR Committee **Approved by the Library Board:** December 18, 2023

**Effective Date:** January 1, 2024

**Subject:** Resolution 89 – 2023 Annual Review of IMCPL Acceptable Use Policy for 2024

**Recommendation:** Approval of Resolution 89 – 2023 for Annual Review of IMCPL Acceptable Use Policy

### **Background:**

Indiana Code 36-12-1-12 requires that the board of a public library annually review the policy concerning the appropriate use of the Internet or other computer networks by library patrons in all areas of the library.

IMCPL's current Acceptable Use Policy is attached for the Board's approval. No substantive changes to the policy are recommended for 2024.

The Acceptable Use Policy is in place to communicate acceptable computer user behavior to patrons, to provide IMCPL disclaimers of liability for potential misuse and to provide the staff tools to aid in patron behavior modification when needed.

The Children's Internet Protection Act requires that libraries have an Internet Safety Policy adopted by the board to be eligible for eRate funds. In addition, the policy must include a technology protection measure that protects against Internet access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to use of the computers by minors, harmful to minors.

## **Acceptable Use Standards for Internet and Indianapolis Public Library (IndyPL) Computers**

All electronic traffic originating from the Indianapolis Public Library connection shall be in accordance with these Acceptable Use Standards. *Failure to abide by these standards may result in the loss of internet, computer and Library privileges.*

### **Cooperative Use**

IndyPL has installed a PC Management system that governs the use of computers in the Library. PC users must facilitate the fair use of the Library's limited resources by observing time limits on PC use and surrendering use of the terminal when allotted time has elapsed. IndyPL reserves the right to terminate a PC session that disrupts Library services or that involves user behavior that violates the Library's policies. Tampering with or defeating time limits will result in the loss of some or all Library privileges consistent with the Library's policy on inappropriate behavior.

### **Acceptable Use**

Use of the Library's computers shall be guided by the following principles:

- Respect for the privacy of others.
- Adherence to the legal protection provided by copyright and license to programs and data.
- Consideration for the security and functioning of computers, computer networks, and systems.
- Adherence to IndyPL policies governing the security and functioning of computers, computer networks, and systems.

### **Unacceptable Use**

It is not acceptable to use the Indianapolis Public Library computers for:

- Any purposes which violate U.S., state, or local laws.
- Transmitting threatening, obscene, or harassing materials, including the use of profanity or offensive language.
- Intentional or unintentional disruption of network users, services or equipment, harm to other computer systems, including excessive bandwidth utilization.
- Distribution of unsolicited advertising.
- Tampering with computer or network security.
- Disconnecting library equipment, including monitors, network cables, and electrical cords.
- Making unauthorized entry into any systems accessible via Library computers.
- Representing oneself as another person.

- Developing and/or propagating programs that harass other users or cause harm to other computer systems (e.g. computer "viruses" and "worms").
- Copying, file sharing, downloading, or distributing commercial software or other works or material (e.g. music, movies, or other audio or digital material) in violation of state, federal, or international copyright laws.
- Accessing or loading pornographic, obscene, or sexually explicit material.
- Other uses deemed inappropriate at the discretion of IndyPL management.

Illegal acts involving the IndyPL's computers may be subject to prosecution by local, state, or federal authorities.

### **Internet Safety Policy**

In addition to the useful and educational information available on the internet, a great deal of content exists that is not appropriate for children. Parents or legal guardians must assume responsibility for deciding which library resources are appropriate for their own children. IndyPL enforces a policy of internet safety that includes measures to block or filter internet access for both minors and adults to certain visual depictions. IndyPL's technology protection measure is a specific system that blocks or filters specific internet sites. It protects against access by adults and minors to visual depictions that are obscene, child pornography or harmful to minors.

Filtering software is not foolproof. It diminishes the likelihood that searchers will inadvertently retrieve text or images that some may find offensive but does not eliminate that possibility. Filters sometimes block access to sites that users would consider both inoffensive and useful. IndyPL staff reserves the right to check all workstations of suspicious/inappropriate activity. In accordance with the Children's Internet Protection Act, no one under the age of 18 is permitted to access computer sites, chat rooms or email that contain obscene or sexually explicit material or other material harmful to minors.

IndyPL does not condition a child's use of our public use internet terminals on the collection of any personally identifiable information from the child. Please see the full text of IndyPL's e-privacy statement.

### **Disclaimer**

IndyPL provides access to the internet as a service of convenience to the public. The internet and its available resources contain a wide variety of material and opinions from varied points of view. Users need to be good information consumers, questioning the validity of the information. Not all sources on the internet provide accurate, complete, or current information. Users may encounter material that could be considered inappropriate.

Parents of minor children assume responsibility for their children's use of the internet through the Library's connection. Parents and children are encouraged to read [Netsmartz](#) Safety Tips and to explore the additional resources at Netsmartz, a resource for parents and children of all ages.

IndyPL expressly disclaims any liability or responsibility arising from access to or use of information obtained through its electronic information systems, or any consequences thereof. Conducting business or personal transactions such as credit card purchases, stock trades, bank transactions, etc., or accessing systems where such personal or business data are stored is not recommended. The Library's computing environment does not maintain sufficient safeguards to protect such activities.

Users of Library computing resources should be aware of the possibility of contamination by computer viruses and Trojans. Viruses may also spread to other computers including the user's own personal or business computers via email, or via media ~~such as floppy, CDROM, or USB Flash Drives.~~ Users are therefore warned that it is not possible to provide a 100% virus free environment and that the user accepts such risks while using the Library's computing resources.

## **Cyber Security Policy**

This Cyber Security Policy outlines the measures and procedures implemented by The Indianapolis Public Library to safeguard its information technology assets, data, and services against cyber threats. The policy aims to ensure the confidentiality, integrity, and availability of the library's digital resources and protect patrons and staff personal information from unauthorized access or disclosure.

The library will conduct regular risk assessments to identify potential vulnerabilities and threats in its IT infrastructure, software, and data. This will include evaluating hardware, software, network configurations, and user practices regularly. Access to the library's IT systems and sensitive data will be granted on a need-to-know basis. Staff accounts will be managed by the IT Department, and strong authentication mechanisms, such as multi-factor authentication, will be enforced.

The library has implemented encryption measures to protect sensitive data in transit. This will include using secure communication protocols for data transmission and encrypting confidential data stored on servers, workstations, and portable devices. The library has employed firewalls, intrusion detection systems (IDS), and intrusion prevention systems (IPS) to monitor and defend against unauthorized access, malware, and other network threats.

All library systems and applications will be kept up to date with the latest security patches and updates. The library uses reputable software sources and employs secure coding practices when developing or customizing software. All staff must contact the Helpdesk via email for approval before purchasing software and hardware to perform their duties to ensure our network is safe. Software is defined as both web-based and installed applications.

Library staff are required to participate in an annual security awareness training to educate them about potential cyber threats, social engineering attacks, and best practices for safeguarding sensitive information. All library staff must promptly report any suspected or confirmed security incidents to the Helpdesk via email. Please remember never to forward suspicious emails to staff. Incidents will be classified and documented by Helpdesk based on severity, impact, and risk to the library's operations and data.

The IT department will adhere to the Library's Business Continuity Plan that outlines specific steps to be taken in the event of a security breach. The plan will include procedures for containment, eradication, recovery, and lessons learned.

The IT Security Team will conduct investigations into security incidents and report findings to library management and relevant authorities as required by law. In case of a data breach involving patrons' personal information, the Communications Director will follow legal requirements and the Business Continuity Plan for notifying affected individuals, staff, Library Board of Trustees, and relevant authorities; and the IT Director will notify the Indiana Office of Technology and Cyber Security Insurance Company.

This Cyber Security Policy will be reviewed as needed to ensure it remains relevant and effective against emerging cyber threats and technology advancements.

By adhering to this Cyber Security Policy, we aim to establish a secure and trustworthy digital environment for our staff and patrons. Failure to adhere to this policy may result in progressive discipline actions. The library is committed to continuous improvement and proactive protection of its IT infrastructure and resources.

The Library Board of Trustees

## Purchases of Software Licenses Policy

The purpose of this policy is to establish guidelines for the procurement of software licenses by the Indianapolis Public Library. This policy aims to ensure that all software acquisitions are carried out in a consistent, cost-effective, and legally compliant manner.

The Indianapolis Public Library recognizes the importance of utilizing software to enhance productivity, library services, support staff operations, and improve patron experiences. All software licenses must be preapproved by the Innovation & Technology Department via Helpdesk with due consideration given to the safety of our network, library's budgetary constraints, and future scalability. *Software is defined as both web-based and installed applications.*

The library will adhere to relevant copyright laws, licensing agreements, and intellectual property rights when procuring software licenses. The Chief Executive Officer and Chief Finance Officer shall be responsible for overseeing the procurement of software licenses. Before initiating any software procurement, the IT Department will conduct a thorough needs assessment to identify specific software requirements and functionalities that align with the library's objectives and service offerings.

The library will prioritize the use of Microsoft 365, open-source software and freely available resources, whenever feasible, to maximize cost-effectiveness and systemwide collaboration. In cases where commercial software is necessary, the IT department will seek competitive pricing and explore available discounts, including bulk licensing agreements or consortium purchasing options.

The IT Department will maintain a comprehensive inventory of all software licenses, including relevant information such as license terms, renewal dates, and authorized users. The procurement process will follow applicable procurement laws, regulations, and library policies. The IT Department will evaluate potential software licenses based on various criteria, including but not limited to:

- i. Compatibility with existing library systems and infrastructure.
- ii. Suitability for intended use and user-friendliness.
- iii. Cost-effectiveness and long-term maintenance expenses.
- iv. Vendor reputation and customer support.
- v. Compliance with accessibility standards and data privacy regulations.

The IT Department will conduct pilot projects and/or obtain trial versions of software to assess its functionality and suitability before making a final decision. This evaluation process will take at least 45 days depending on the software. This process includes documentation of software functionality, security, price, etc., and justification for the selected software license and its alignment with the library's strategic goals.

The IT Department is responsible for managing and tracking all software licenses throughout their lifecycle, including license renewals and updates. License renewal decisions will be based

on the software's continued relevance, performance, and budgetary considerations. Additionally, periodic reviews will be conducted to ensure compliance with software licensing agreements and prevent any unauthorized use or distribution of software.

Library staff and users who interact with software applications will receive appropriate training provided by the vendor and/or library's training department and support to ensure proper usage and compliance with licensing terms. The library will promote awareness of this policy among staff and users to encourage responsible and ethical use of software resources. By adhering to our Policy for Purchases of Software Licenses, we can ensure all software purchases are safe for our network, cost-effective, and approved by our IT department. Progressive discipline actions may result from failure to adhere to this policy.

### INDIANAPOLIS-MARION COUNTY PUBLIC LIBRARY

#### RESOLUTION 93 – 2023

#### RESOLUTION ADOPTING A SCHEDULE OF PAY GRADES, STAFF POSITIONS AND BENEFITS FOR LIBRARY EMPLOYEES

RESOLVED, that Resolution 68-2022 approved by this Board of Trustees (“Board”) on November 28, 2022, adopting a schedule of Library employee positions and pay grades, page and hourly compensation rates, and establishing special regulations and benefits for employees of the Indianapolis-Marion County Public Library, be, and the same hereby is, replaced and superseded by this Resolution effective December 18, 2023 except as otherwise herein provided.

FURTHER RESOLVED, that the provisions of this Resolution adopting a schedule of pay grades, employee positions and benefits for Library employees shall apply to all appropriate or eligible employees of the Library as provided herein except as may be otherwise provided for (i) bargaining unit employees of the Library in a collective bargaining agreement that may be entered into between the Library administration and AFSCME Local 3395 and approved by the Board, or (ii) employees not represented by AFSCME Local 3395, in the “Joint Written Recommendations Submitted by the Indianapolis-Marion County Public Library and the IMCPL Staff Association Compensation Committee (SACC) to the IMCPL Board of Trustees,” as previously approved by the Board and as may be amended by the parties and subsequently approved by the Board.

FURTHER RESOLVED, that the attached Pay Structure schedule setting forth the schedules of pay grades, employee positions and compensation ranges is hereby approved and adopted to become effective the first pay period of 2024, which begins December 18, 2023; any Pay Structure adjustments are subject to the subsequent availability of Board funds for such purposes, and the provisions of this resolution involving monetary expenditures may be rescinded at any time by action of this Board.

FURTHER RESOLVED, that any Library employee who is called for jury duty, either grand or petit, shall, during the period of his or her absence on account of such jury service, be paid his or her full regular salary or wage less the per diem allowances earned by such employee for jury duty.

FURTHER RESOLVED, that any Library employee who is called for reserve military active duty training, will be granted time, not to exceed 15 calendar days in any calendar year, and will be paid his or her full regular wage.

FURTHER RESOLVED, that subject to those personnel policies and benefit descriptions outlined in the Human Resources Section of the Policy Manual, as may be amended, the following special regulations and benefits for exempt and non-exempt employees of the Library are hereby continued or established, viz.:

CERTIFICATION – An appropriate grade of certification, as established by the Indiana Library Certification Law and as administered by the Indiana Library Certification Board, is assigned to each Librarian and Public Services Associate position. The employees holding those positions, for which a grade of certification is required, must qualify for and hold that grade of certification as designated for the position, in addition to those educational and experience requirements needed to fill the position. Employees will not be assigned to Librarian or Public Services Associate positions for which they do not hold the necessary educational requirements and the proper grade of certification, except as provided in the Policy Manual regarding acting appointments or as otherwise authorized by applicable law or regulation.

HOURS OF WORK – Individuals are employed for system-wide assignment and may be asked to work any hours the Library system is open. Full-time employees work a standard workweek of 40 hours, usually divided into five standard workdays of 8 hours each from Sunday through Saturday, and may include 2 evening schedules per workweek. An evening schedule is determined when any standard day includes two or more hours worked after 5:30 P.M. When a non-exempt employee is scheduled for evening duty, the standard workday will include a 30-minute paid dinner break except as otherwise provided by personnel policies in the Human Resources Section of the Policy Manual. When a non-exempt employee works a split shift the employee will be given credited time consistent with policies in Human Resources Section of the Policy Manual. All hours worked in excess of 40 hours per workweek by non-exempt employees will be paid at the rate of and one and one-half times their normal rate of pay. Employees scheduled to work on those holidays when the Library is closed will be compensated at the rate of two times their normal rate of pay.

HOLIDAYS –All sections of the Library (with the exception of the Children’s Museum) are closed on New Year’s Day, Martin Luther King Day, Memorial Day, Juneteenth Day, Independence Day, Labor Day, Indigenous People’s Day, Thanksgiving Day, Christmas Eve, and Christmas Day. These days are hereby designated paid holidays for Library employees and Policy 248 regarding Holiday Pay is hereby amended in accordance herewith. Benefit-eligible employees will receive two additional personal holidays, 8 hours, pro-rated for part-time, to be used during the calendar year. An employee’s personal holiday must be pre-scheduled and approved by the employee’s manager. An employee’s personal holiday will not carry over and must be used during the same calendar year or it is forfeited for that calendar year. Any change in an employee’s status, *i.e.*, part-time to full-time, after the employee has used his or her personal holiday for that calendar year will not result in the employee receiving additional paid personal holiday hours for that same calendar year. Easter Sunday and the Saturday and Sunday before Memorial Day are days the Library is closed to the public. For the days the Library is closed and not designated as holidays,

there will be no additional credited time other than the credited time granted for the holidays themselves (*i.e.* for full time employees and as prorated for part-time employees, the week of December 23rd will be a 24 hour workweek; the week of December 30<sup>th</sup> will be a 32 hour workweek, and the week after Labor Day will be a 32 hour work week ).

PAID TIME OFF – Paid Time Off (PTO) is a single bank of accrued time a benefit-eligible employee uses for both scheduled and unscheduled time away from work for personal reasons, vacation and illness as stated in Policy 236.

New hires who are benefit eligible will be credited with 40 hours of PTO (or appropriate prorated amount for part-time employees). This PTO will be advanced to the employee before he/she has worked hours to earn the PTO. PTO does not begin to accrue until the benefit-eligible employee has worked a sufficient number of hours to “repay” the PTO advance. If the employee resigns or is terminated after taking PTO that he/she has not yet earned, the employee will be responsible to repay to the Library the value of the unearned PTO taken prior to resignation or termination. All steps will be taken to re-coup any losses.

Although employees may carry over accrued, unused PTO time from year to year, there is a cap on the amount of PTO time that can be accumulated. Once an employee reaches the cap, no additional PTO will be accrued until the balance goes below the cap in which case PTO will again begin to accrue. Employees will not receive retroactive credit for time worked while at the cap limit. PTO accrual is capped at 480 hours for employees hired prior to the effective date of the PTO policy and 240 hours for employees hired or rehired on or after the effective date of the PTO policy (2/5/17).

Retired employees who already have coverage under the Library’s group health and dental plan and employees newly retired on or before December 31, 2015, will continue to have access to the Library’s group health and dental plan until they become eligible for Medicare benefits. The entire cost of such coverage will be assumed by the retiree. Employees newly retired on or after January 1, 2016, will not have access to the Library’s group health and dental plan.

HEALTH-ACCIDENT INSURANCE – Health insurance is available through Anthem Blue Cross-Blue Shield. Benefit eligible employees have two (2) Consumer Driven Health plans (CDHP Option 1 or CDHP Option 2) from which to choose coverage. The Library currently pays up to approximately 90% of the cost for the Employee Only coverage and up to approximately 60% of the additional cost to add dependents and spouses to the coverage (or an appropriate prorated amount for part-time employees) for those employees enrolled in either CDHP. Both plan descriptions are on file in Human Resources.

For 2023, employees enrolled in CDHP Option 1 and have a health savings account will receive a one-time Library contribution of \$600.00 for employee only coverage and \$1,400.00 for employee/spouse, employee/children or family coverage. For 2023, employees enrolled in CDHP Option 2 and have a health savings account will receive a one-time Library contribution of \$1000.00 for employee only coverage and \$2,100.00 for employee/spouse, employee/children or family coverage. Part-time employees will receive a pro-rated contribution.

Employees on leaves of absence may continue participation in the group health plan. Employees on leaves of absence not subject to the Family and Medical Leave Act will pay the entire insurance premium.

DENTAL INSURANCE - Benefit eligible employees may elect to participate in the dental plan. The Library will pay a portion of the coverage cost for full-time employees and added dependents. For part-time benefit eligible employees, the Library will pay an appropriate prorated amount of the premium based on the schedule of the employee.

INJURY LEAVE - Employees who cannot work because of an injury occurring while on duty, may choose to use accrued, unused PTO or Individual Catastrophic Account (CAT) hours for missed workdays. If the injury is approved as a legitimate Worker's Compensation covered injury, the employee may request a return of 66 and 2/3<sup>rd</sup> of used accrued time for days covered by Worker's Compensation upon reimbursing the Library for the used accrued time.

LIFE INSURANCE - Group term insurance is available to all benefit eligible employees. The life insurance schedule for all benefit eligible employees is one times an employee's annual salary as of January 1<sup>st</sup> of each year, rounded to the next higher 1,000 or \$15,000, whichever is greater. Full time benefit eligible employees contribute \$9.10 per year towards this premium with part-time employees contributing an appropriate prorated amount.

The Library also offers a Voluntary Term Life or Group Life Insurance plan through Guardian Insurance Company and a Voluntary Universal Life Insurance Plan through American United Life Insurance Company on a payroll deduction basis to supplement the Basic Group Life Plan offered above.

DISABILITY INSURANCE – Group short-term disability insurance is offered on a voluntary basis. The plan begins paying benefits on the 15<sup>th</sup> day of disability to a maximum of 24 weeks. Premium deductions per pay are based on .59 per \$10 of weekly benefit based on 66 and 2/3% of the employee's weekly salary.

Long-term disability insurance is provided to all benefit eligible employees by the Library. The plan pays benefits after 6 months of disability and continues until the employee can return to work or eligible to retire under Social Security. The benefits paid are 66 and 2/3% of the employee's salary.

TAX DEFERRED ANNUITIES – These are available through American United Life Insurance Companies on a payroll deduction basis. With the Tax Deferred annuity plan, a contract is initiated between the employer and the employee for a reduction in bi-weekly salary by the amount which the employee specifies should be contributed to the plan. Federal, State and Local Income Taxes are paid only on the remaining amount.

FIDELITY INVESTMENTS – Investments in mutual funds for retirement savings are available through Fidelity Investments. With these mutual funds, a contract is initiated between Fidelity and the employee for a reduction in salary by the amount which the employee specifies

should be contributed to the plan. Federal, State and Local Income Taxes are paid on the remaining amount.

P.E.R.F. (Retirement Plan) – All benefit eligible employees are required to join the Public Employee’s Retirement Fund of Indiana. With a minimum of 10 years of creditable service, a member is eligible for retirement at 65. With 15 years of service, earlier retirement is possible. As provided by IC 5-10.3-7-9 the Library will pay the employees’ required 3% contribution to the Public Employees’ Retirement Fund Annuity Savings Account. In addition, the Library contribution to the pension plan in 2022 is the equivalent of 11.2% of the total gross earnings of those participating.

DEATH BENEFIT – Upon the demise of any employee, payment for accrued annual leave will be made to the survivors or to the estate.

TUITION ASSISTANCE – The Library offers a tuition assistance program to employees who are pursuing an additional job related degree. The assistance is limited to an annual maximum of \$3,000.00 for course work completed at a grade level of 3.0 or above on a 4.0 scale by an employee. Allocation of funds will be prioritized based on institutional goals and available funding.

The Library offers financial assistance to employees who are in a position requiring a Professional Certification. The assistance is limited to a maximum total of \$1000.00 for course work completed toward achieving the initial Certification requirement. Allocation of funds will be prioritized on successful completion, passing a pass/fail certification exam or achieving a grade point of 3.0 or higher on a 4.0 scale, institutional goals and available funding. Employees not meeting required criteria for financial assistance will not receive assistance from IndyPL and be solely responsible for all costs owed to the course provider.

Only employees who have successfully completed the probationary period, have a performance rating of “Good Performance” on their most recent performance evaluation and are either in regularly scheduled benefit eligible positions or regularly scheduled non-benefit eligible positions requiring Indiana State Library certification are eligible for tuition assistance.

FLEXIBLE BENEFIT PLAN – The Library has adopted a Section 125 Flexible Benefit Plan. Under this program, benefit eligible employees are required to pay their portion of health and dental insurance premiums on a pre-tax basis. They may also elect to establish Medical and Dependent Care Reimbursement Accounts in order that these expenses may, too, be reimbursed with pre-tax dollars.

EMPLOYEE ASSISTANCE PROGRAM – Library employees, and members of their immediate families, may utilize the services of the Employee Assistance Program. There is no charge to employees for this service. This counseling and referral service is designed to assist employees and their families in overcoming personal problems.

VISION PLAN – A voluntary vision plan through Guardian is available on a payroll deduction basis to all benefits eligible employees.

IDENTITY THEFT AND/OR LEGAL PLAN - The Library offers a voluntary group legal and/or identity theft protection through Pre-Paid Legal Services, Inc. These plans cover the employee, his/her spouse, and any minor children and/or dependents residing in the employee's household.

CAREER SERVICE BENEFIT – A Career Service Benefit will be given to an employee upon retirement. An employee would be paid an amount equal to their accumulated CAT hours in excess of 160 hours at a rate of one hour of pay for two hours sick leave. The maximum number of hours paid under this benefit will be 160.

Approved this 18<sup>th</sup> day of December, 2023.

At The Indianapolis Public Library, our mission calls on us to be the source of knowledge and life-long learning for the communities we serve. We will fulfill this mission by ensuring we reflect diversity, commit to racial equity and center our culture on belonging to create inclusion among everyone.

Our document is a plan for 2024 through 2027, outlining our purposeful intention to focus on diversity, equity, inclusion and access (DEIA). We approach DEIA with the following vision at the forefront of our goals:

- We want to create a welcoming and inclusive environment for our staff by encouraging and supporting each employee.
- We aim to be a valuable resource for employment opportunities and career development.
- We value intellectual freedom in support of our library staff and the decisions they make in selecting and creating collection materials, displays, and programs that best engage the community while raising voices of historically marginalized peoples regardless of age, race, ethnicity, gender identity, or sexual orientation; and we reject censorship in any form.
- We recognize the importance of a safe work environment for our staff and volunteers. We are committed to providing a secure, supportive workplace fostering collaboration, creativity, and personal growth.

It is our hope that this plan inspires organizational and individual growth that will impact society. We focus our goals to remain a diverse organization in Indianapolis. We will continuously evaluate and improve our policies and practices through an equitable lens to avoid systemic disadvantages and provide opportunities for everyone. We will be the connector of culture creating an inclusive environment that is rooted in respect and belonging. Our plan will guide us as we address each point of our vision.

# Guidelines

This plan will flow across the next three years and beyond. Accomplishing the goals outlined within our five pillar plan will require accountability, support, and commitment of leadership and staff. We have identified five guidelines that will lead our efforts. These guidelines will help bring our plan to life:

## Recommendation: **Improve Board of Trustees Governance**

The Governance Enhancement initiative focuses on strengthening the Board of Trustees' governance practices at IndyPL. This summary outlines measures taken to improve board governance and highlights accomplishments and ongoing efforts.

*In-The-Public Trust Review:* The Board members underwent a comprehensive Public Trust Review, examining each aspect outlined in the Public Trust Manual. Significant time was dedicated to discussing the assessment survey, specifically focusing on future board training.

*Annual Board Retreat:* A highly productive annual board retreat occurred on September 29. Alexis Thomas from the Art Group discussed and facilitated various topics critical to effective governance. The Board has scheduled training sessions for 2024 in January, April, July, and October, ensuring continuous learning and development.

*Access to Professional Memberships:* Board members hold United for Libraries and ALA memberships, providing access to resources such as "Short Takes for Trustees" and United for Libraries on Demand. Starting in January, monthly live webinars will further enhance their knowledge base.

*Board Communication Expectations:* Clear expectations for board communication with staff were communicated on October 17, 2023. When responding to staff, board members were provided with suggested specific language guidelines, fostering appropriate and effective communication channels.

*DEIA Workshops and Training:* To actively participate in Diversity, Equity, Inclusion, and Accessibility (DEIA) efforts, board members engage in DEIA workshops and training sessions. This aligns with the organization's commitment to fostering a diverse and inclusive environment.

*Enhanced Board Orientation:* The orientation process for new and current board members was revamped in May. A dedicated presentation on facilities and the Collection Management Services Area (CMSA) was introduced to deepen understanding of these critical operational areas.

*Committee Review of Resolutions:* To ensure thorough committee discussions, committee liaisons strive to ensure that discussions occur and all questions are addressed before resolutions move forward. Liaisons will confirm that board members receive relevant materials in advance to facilitate informed decision-making.

Collectively, these initiatives contribute to an enhanced governance framework, promoting transparency, continuous learning, and effective communication.

**Recommendation: Implement a Leadership-Led Strategy to Restore Trust within the Library System**

In response to identified challenges in trust within our organization, a Leadership-Led Strategy has been implemented to rebuild and reinforce trust among staff members.

*Recognition and Appreciation:* The STAR AWARDS has been reintroduced to acknowledge and appreciate staff's hard work and contributions. This initiative aims to celebrate outstanding achievements and contributions, fostering a culture of appreciation and recognition.

*Investment in Professional Development:* A crucial aspect of the strategy involves a significant investment in staff training and professional development. Employees are given opportunities for growth and career progression through the Career Development Program (CDP) and a Mentorship Program. Additionally, in-person leadership training for system managers ensures leadership is equipped with the necessary skills to lead effectively.

*Open Dialogue and Communication:* Creating forums for open dialogue is imperative to rebuilding trust. Bi-monthly Town Hall meetings provide a platform for transparent communication, allowing leadership to address concerns, share updates, and engage in constructive dialogue with staff. The Executive Committee Liaison Initiative further emphasizes open communication channels. I

*Visibility and Accessibility of Leadership:* Leadership visibility and accessibility play a vital role in trust-building. Through the Executive Committee Liaison Initiative, leaders actively engage with staff, participating in informal interactions and activities to build personal connections. This approach fosters a more approachable and relatable leadership presence. The Executive Committee also meets twice a month at system locations.

*Empathy and Wellness Support:* Recognizing the importance of empathy, the organization has introduced a Traumatic Event Wellness Day to address staff challenges, focusing on mental and emotional well-being. This initiative underscores the organization's commitment to understanding and supporting employees during difficult times.

The Leadership-Led Strategy is a multifaceted approach to restoring trust through appreciation, investment in professional development, open

communication, visible leadership, and empathetic wellness support. By implementing these measures, the organization aims to create a positive and trusting work environment that fosters collaboration, growth, and a shared commitment to success.

Recommendation: **Update Interview and Hiring Processes to Utilize Structured Interview Methods**

The initiative to enhance recruitment and hiring practices at IndyPL encompasses several key strategies to streamline and improve the interview and hiring processes. This summary provides an overview of the implemented enhancements.

*Structured Interview Processes:* Standardized questions have been developed for each IndyPL position to create consistency and fairness in the interview process.

An interview toolkit on the intranet provides hiring managers with a comprehensive resource. This toolkit includes questions and skills that managers can select for interviews and is regularly updated.

*Manager Training Program:* A training program focusing on interview and hiring best practices has been scheduled for all system managers. Training is scheduled to be held in May 2024.

New managers undergo mandatory training covering essential topics such as onboarding, time and attendance, confidentiality, and supervisor training with an HR focus, including interviews, change forms, accommodations, and management reviews.

*Diverse Panel Participation:* Guidelines now require a minimum of four panelists for all interviews, ensuring representation from various diverse groups.

This strategic approach aims to foster diversity in staff and brings varied perspectives to the hiring decision-making process.

*Targeted Training for Public Services:* Recognizing the unique challenges in the Public Services department, which constitutes 78% of the staff and experiences the highest turnover rate, particular emphasis has been placed on tailored training and resources within the interview toolkit.

Collectively, these enhancements contribute to a more streamlined, inclusive recruitment and hiring process at IndyPL. The ongoing commitment to refining these processes reflects an initiative to improve recruitment and hiring practices.

## Recommendation: **Update and Reinforce Harassment Reporting and Investigation Process**

This summary provides an overview of the updates and initiatives undertaken to enhance Harassment Reporting and Investigation processes within IndyPL. The focus has been on deploying an advanced reporting tool, reinforcing standard operating procedures (SOP), tracking and monitoring submissions for trends, conducting formal training for relevant staff, and updating policies to address evolving modes of harassment.

*Deployment of Fortis Reporting Tool:* In the 4th quarter of 2022, the Fortis reporting tool (Integra) was successfully deployed. To ensure effective implementation, the former Diversity, Equity, and Inclusion (DEI) Officer and Human Resources Director conducted branch visits to raise awareness and address employee queries. Supporting this effort, instructional posters were distributed to all locations, guiding employees on utilizing the reporting system.

*Standard Operating Procedures (SOP):* Comprehensive SOPs were formulated for harassment investigations, incorporating accountability measures for managers and human resources. This initiative was completed in August 2022, solidifying our commitment to maintaining a transparent and fair investigative process.

*Tracking and Monitoring Report Submissions:* Quarterly reports are diligently tracked, enabling the identification of trends and concerns. Encouragingly, "reports by location," has seen a notable 83% decrease in reports from the 4th quarter of 2022 to the 3rd quarter of 2023. As the "subject of reports," the executive committee has witnessed a 100% decrease, reflecting an improvement in the organizational climate. The same positive trend is observed across various business processes (subject of reports), with a 100% decline in reported library administration incidents.

*Dashboard Comparison:* The dashboards from the 4th quarter of 2022 and the 3rd quarter of 2023 visually represent the significant improvements achieved.

*Formal Training on Harassment, Discrimination, and Retaliation:* Title VII Training for Managers, focusing on Harassment and Retaliation, was conducted for managers, circulation supervisors, supervisor librarians, and human resources staff. Two comprehensive sessions were held in March and April, and the training was completed in April. This initiative aims to empower key personnel with the knowledge and skills to manage harassment issues within the organization effectively.

*Policy Manual Update:* The Harassment and Bullying policy underwent a thorough update in October 2022. The revised policy now explicitly addresses the modes through which harassment may occur, including phone, email, text, and social media, ensuring our policies remain current and aligned with the evolving nature of workplace interactions.

The efforts to enhance Harassment Reporting and Investigation processes have resulted in improvements, reflected in the decreased number of reports and the elimination of incidents involving the Executive Committee. Collectively, these initiatives foster a healthier and more respectful workplace environment.

Recommendation: **Conduct a Compensation and Pay Review**

In response to a commitment to maintain competitive salaries and address potential compression issues, Chief Financial Officer Lolita Campbell, in collaboration with Human Resources Director Tisha Galarce and their respective teams, reviewed all positions within our organization. This initiative aimed to align our compensation structure with industry standards and ensure equitable pay for employees.

*Comparative Analysis:* An extensive evaluation compared our positions with other libraries and peer institutions. The review focused on roles such as Area Resource Managers, Branch Managers, and Public Services Librarians. Additionally, insights were drawn from the Allen County Compensation Study, providing valuable benchmarks against various libraries.

*Salary Adjustment Decision:* Following a thorough analysis, a decision was reached to implement a 5% salary increase for all employees. Special attention was given to addressing potential compression concerns for staff members over ten years of tenure. The project was completed, with adjustments made as a flat 5% increase or moving staff salaries up to market rates based on the updated compensation study conducted in July 2022—whichever proved more significant in the comparison.

*Revised Pay Grade Schedule:* A revised pay grade schedule was instituted to reflect the outcomes of the comprehensive compensation study and the subsequent salary adjustments. This adjustment ensures transparency, fairness, and alignment with industry standards in our compensation structure.

The Compensation Study and Salary Adjustment Initiative, led by CFO Lolita Campbell and HR Director Tisha Galarce, signifies the organization's commitment to maintaining a competitive and equitable compensation structure. The 5% salary increase, and careful consideration of compression

issues demonstrate our dedication to ensuring that our employees are fairly rewarded for their contributions.

Recommendation: **Implement Formal Upward Feedback Process for Leadership Positions**

The process involves research, training, and adopting best practices to enhance leadership effectiveness and foster a culture of continuous improvement. Key Steps Taken:

*Research and Evaluation:* Explored best practices for upward evaluations to inform the development of an effective feedback process.

Two software platforms, Trakstar and Typeform, alongside Survey Monkey, were identified as a top-tier 360 upward feedback platform.

*Selection of Feedback Platform:* We opted for Survey Monkey due to the existing systemwide subscription, ensuring a cost-effective and accessible solution.

*Identification of Best Practices:* Identified best practices, including defining purpose and goals, ensuring anonymity and confidentiality, providing training for leaders and employees, offering regular and timely feedback, encouraging constructive input, focusing on specific leadership competencies, and using third-party tools for enhanced support.

*Pilot Implementation for 2023 Performance Review:* It was decided to conduct a pilot for the 2023 performance review cycle, focusing on system managers. The plan will expand the implementation to include supervisors in the 2024 performance review cycle. Surveys were distributed to staff in November, emphasizing anonymity to encourage candid feedback.

*Training and Implementation Timeline:* We have scheduled systemwide training for October 2024, coinciding with the system managers' meeting, to ensure widespread understanding and adoption.

Survey distribution to staff will begin in November. Staff self-review will start the first week of December.

The formal upward feedback process aims to provide valuable insights into leadership effectiveness and areas for improvement.

The pilot implementation will inform adjustments for a full-scale rollout in the 2024 performance review cycle, including the inclusion of supervisors.

Recommendation: **Implement Office of Ombuds**

After consulting with various staff members, including the Diversity, Inclusion, Culture, and Equity (DICE) team and the Human Resources Advisory Team, the consensus is that we would not hire an additional person for the specified job. Currently, a human resources professional serves as a mediator, and in instances where staff requests mediation, Kim Ewers also performs this role. If the issues involve a director or the CEO, a third-party mediator will be brought in. We have identified mediation and ombuds training for HR staff and the Diversity, Equity, and Inclusion (DEI) Officer to enhance our capabilities. The human resources staff and the DEI officer are scheduled to undergo certification training in early 2024.

Recommendation: **Enhance Internal Communication Practices and Processes**

This summary outlines the strategic initiatives to enhance our organization's internal communication practices and processes. The focus has been on delivering engaging newsletter content, establishing guidelines for content submission, organizing regular all-staff town halls, and formalizing pathways for staff feedback to foster a culture of transparency, information sharing, and collaboration.

*Engaging Content and Newsletter Timeliness:* Efforts to enhance internal communication began with adding more exciting content to the internal newsletter. Guidelines and timelines for content submission were established, ensuring a consistent and timely newsletter delivery. The content now includes updates on CEO priorities and system updates, effectively engaging and informing the staff. The internal newsletter is scheduled monthly with a special edition focusing on safety. Our open rate for internal newsletters has been consistently above industry standards.

*All-Staff Town Halls:* A structured approach to all-staff town halls has been implemented, with clear procedures and expectations for timing. Town halls were successfully conducted in May, July, September, and November 2023, and a bi-monthly schedule has been established from January to November 2024. The format involves Q&A sessions where questions are submitted and answered by the Executive Committee. The Executive Committee fully participates in these sessions, addressing all submitted questions and providing necessary follow-up.

*Formalized Staff Feedback Processes:* The Executive Committee initiated branch meetings in January 2023 to establish direct pathways for staff feedback. These meetings allow the Executive Committee to receive updates from location leadership, address questions, and gather valuable feedback for organizational improvement. The Executive Committee Liaison Initiative further enhances staff

feedback by assigning Executive Committee members to three locations, engaging in regular staff meetings, drop-in visits, and facilitating one-on-one interactions by scheduled meetings. This approach has proven popular and influential in fostering open communication channels.

Moving forward, these initiatives will continue to strengthen internal communication, ensuring that the organization remains responsive, informed, and aligned with the needs and perspectives of library staff.

**Recommendation: Supplement the 2021-2023 Strategic Plan with a Robust Internal Employee Facing DEIA Plan**

On December 5, 2023, Kim Ewers, the Diversity, Equity, and Inclusion (DEI) Officer, introduced a supplementary plan to complement the 2021-2023 strategic plan. This presentation took place during the DPHR committee session. The supplemental plan has been shared with all Board of Trustees members to gather their feedback. It outlines five pillars, each with specific objectives and critical goals.

**Recommendation: Develop a stewardship plan for reviewing and maintaining progress on the internal DEIA Plan**

Kim Ewers is putting the final touches on the stewardship plan, and she will present it to the DPHR Committee for review in January.

**Recommendation: Enhance DEIA Learning and Managerial Leadership Training**

This summary outlines the efforts made to elevate Diversity, Equity, Inclusion, and Accessibility (DEIA) learning within our organization, focusing on mandatory competencies, managerial leadership training, DEIA modules, and biannual surveys to gauge the effectiveness of our initiatives.

*Annual Competencies:* Improve annual competencies around Race and Racism - The 2022-2023 period saw a significant enhancement of annual competencies, emphasizing DEIA principles. Mandatory competencies included foundational modules such as "Diversity, Equity, and Inclusion 101," "Equitable Services and Access," "Addressing Microaggression," and "How to be an Ally" (Pages only). Non-mandatory competencies featured "Tangram Disability Etiquette" and "Autism and Libraries." Future mandatory competencies will encompass "DEI Belonging for Library Leaders and Staffers," "Supporting Transgender Patrons," and "Supporting Staff with Disabilities Accommodations and Inclusive Environments," with non-mandatory offerings like "Creating an Inclusive Culture for Transgender Staff."

*Manager Participation:* A key objective was achieving 100% manager participation in annual competencies focused on race and racism. We are pleased to report that all system managers and circulation supervisors completed their competencies for the year.

*DEIA Modules - MVMT10K:* IndyPL has adopted the MVMT10K modules, a digital platform designed to advance racial equity through learning, behavior change, action, and engagement. Developed by The Indianapolis Foundation, MVMT10K aims to mobilize 10,000 individuals within the community over the next three years, fostering anti-racist actions and an ongoing commitment to equity. Pages will complete MVMT10K Pathways 1 and 2 due to their availability of hours, while all other staff positions, both part-time and full-time, will satisfy all MVMT10K pathways. The deadline for completion across all staff is April 1, 2024.

*Biannual Training and Surveys:* Despite a canceled training with Martin University (National Center for Racial Equity and Inclusion (NCREI) Training Workshops), the Diversity, Equity, and Inclusion Officer will schedule two system-wide trainings in 2024, accompanied by pre-and post-surveys to measure effectiveness. This approach aims to gather valuable insights and continually refine our DEIA learning initiatives.

We are committed to enhancing DEIA learning and managerial leadership training for all staff. IndyPL is dedicated to fostering an inclusive and equitable environment, ensuring that staff at all levels are equipped to contribute to a more diverse workplace. Continuous evaluation and improvement will remain integral to our DEIA initiatives.

**NOTES OF THE**  
**DIVERSITY, POLICY, AND HUMAN RESOURCES COMMITTEE MEETING**  
**December 5, 2023**

\*\*\*\*\*

The Indianapolis-Marion County Public Library Board Diversity, Policy and Human Resources Committee met in-person at LSC Room 226 and via Microsoft Teams on Tuesday, December 5, 2023, at 11:30 a.m. pursuant to notice given.

Committee Members Present: Chairman Raymond Biederman, Dr. Luis Palacio, Dr. Eugene White

Other Attendees Present: Gregory Hill, Tisha Galarce, Jackie Hernandez, Russell Brown: IndyPL Legal Counsel, Marianne McKenzie, Shanika Heyward, Adam Parsons, Kimberly Ewers, Reginald Laratte,

Virtual Attendees: n/a

Chairman Biederman called the meeting to order at 11:30am.

**1. DEIA Plan – Kimberly Ewers**

- According to Kim Ewers, Ice Miller recommended to create an internal-facing DEIA plan.
- There was previously a DEIA plan during 2018 to 2020, but it was internal and external, and this new DEIA plan focuses solely on IndyPL staff.
- The previous plan expired in 2020 and there was no DEIA plan for a period. Thus, a new DEIA plan has been created to implement into the strategic plan.
- Kim Ewers asked the Board to review the DEIA plan.
- Gregory Hill also requested to the Board to review the DEIA plan over the next 7-10 days and to use the review time to ask any questions or provide any input.
- Dr. Palacio asked if there is currently an external DEIA plan, which Kim stated that there currently is not as it was recommended to focus on an internal plan only.
- At the moment there is no plan for external DEAI plan, but Kim stated that it can be added at a later time.
- Russell Brown asked if the Board would need to adopt this plan. According to Gregory Hill, this plan is to roll this DEIA plan into the strategic plan and does not need any adoption from the board.

**2. IT BARS and Resolutions – Shanika Heyward**

- Shanika presented the Annual Review of the Acceptable Use Policy; this policy is for patrons to understand the acceptable use of library technology. Shanika explained that there is some outdated terminology that was removed from the policies.
- Chairman Biederman and Dr. Palacio approved of this Board Action Request.
- The second resolution that Shanika presented is Revisions to Library IT-related Policies. She explained that most of the policies were outdated as well as some of the language used in the policies. All the IT policies were reviewed to ensure that they were in compliance and that they reflect current operations and with the new technology.
- There was a discussion regarding the use of “employee” vs “staff” within IndyPL policies. Tisha and Russell explained that the words have been used interchangeably in the past, and the goal is to use “staff” to create consistency. Tisha stated that the word “staff” will be defined so all are aware of its usage and to specify who is considered staff.
- Chairman Biederman wants to know if the policies contain anything stating that staff are not to use their personal email for work purposes. Shanika stated that this policy does not exist because many people have medical or ADA purposes and thus IT does not want to get too restrictive to the point that staff cannot share medical information with HR, for example.

- Chairman Biederman and Dr. Palacio recommended to approve the revisions.
- Dr. Palacio asked about removable devices. Shanika explained that Bluetooth is included in removable devices in the policy.
- Finally, the Cybersecurity Policy and Purchases of Software Licenses Policy were reviewed.
- Chairman Biederman asked if there is a yearly audit or a yearly risk assessment for cybersecurity risks.
- Shanika explained that currently there is no assessment, but rather there is cybersecurity insurance that contains a checklist for cybersecurity prevention that she completes every year. It is to ensure that all of these measurements are in place. She states that updating the IT policies is one of the first steps to becoming fully compliant in the IT department.
- Dr. Palacio asked if there is a possible discount from the cybersecurity insurance for maintaining cybersecurity risks low and ensuring yearly completion of additional cybersecurity improvements. According to Tisha, there is no known discount for this insurance.
- Shankia then discussed the Purchases of Software Licenses Policy. This policy is to ensure software purchase are consistent throughout the library.
- Shanika states that there was a lot of software being used without library permission, and this policy will help curb that issue.
- Shanika explained that there is a list of unacceptable software, and staff were encouraged to let IT know what software they are currently using. This is also to ensure the Library is compliant.
- Chairman Biederman and Dr. Palacio recommended to create a resolution for the policies to be adopted.

**3. HR BARS and Resolutions – Tisha Galarce**

- Tisha discussed the 2024 Appointment List. This is a yearly resolution. Currently it is recommended to give all employees a 4% increase to their salary. This would exclude new hires in probationary period.
- There is also going to be an increase of salary for the Library Security Assistants and the Library Security Supervisors.

**NOTES OF THE**  
**FINANCE COMMITTEE MEETING**  
**DECEMBER 5, 2023**

\*\*\*\*\*

The Indianapolis-Marion County Public Library Board Finance Committee met at Library Services Center on Tuesday, December 5, 2023, at 10:00 am pursuant to notice given.

**Committee Members Present:** Dr. Eugene White, and Dr. Luis Palacio

**Other Attendees:** Mrs. Lolita Campbell, Mr. Gregory Hill, Mr. Russell Brown, Mrs. Mary Rankin, Adam Parsons.

**Briefing – Treasurer Report template/format.** Lolita Campbell began the discussion with updates. The first update is regarding Treasure report format. Lolita wanted the committee's opinion on the format of the Treasure report and the PowerPoint. Mary Rankin and Lolita stated that there are parts required like the disbursements and investment policy, Dr Palacio stated that he likes the summary parts of the report. Lolita asked if there are any recommended changes to the PowerPoint presentation? Dr. Palacio stated that a presentation either last month or month before the graphics were a little hard to read. Dr. Palacio thought the graphics could be review; for example, use pie charts or line graph instead of bar charts. The different charts may show the percentage better. Dr. White likes the revision Lolita did a few months ago to the Treasurer Report and thinks she is doing excellent job with the presentation to the board. Dr. White and Dr. Palacio agreed the presentation Lolita gives to the Library board does not have growing concerns.

Dr. White wanted to update the Finance Committee that Dr. Murtadha is wondering if all the committee meetings are needing a lawyer presents. Dr. White thinks it is a good ideal to have the lawyers present to make sure no legal issues arises from the discussions in the committee meetings. Dr. Palacio things there is a way to streamline the cost. However, does agree with Dr. White about the lawyer in the committee meetings for the library's safety. Both asked Russel Brown what his thoughts are. Russell feels that if may be less effective of a discussion without the legal party included. Dr White thought that at the next Finance committee meeting Dr. Murtadha could join in the discussion about her concerns about legal counseling attending every meeting. Lolita states that Dr. Murtadha is not a Finance committee member and does not attend normally, however, she could send a meeting invite to her.

**Briefing – Review draft of new Prepaid travel policy.** Lolita updated the committee about the draft for the new travel policy, Lolita wanted to make it clear this is only a draft of the possible new policy. She knows it still need to be review by executive team, legal counsel, and the library board. Lolita wanted to change the travel policy to eliminate the financial burden on staff to attend an out of state conference because of the upfront cost for the library staff member. This change will reflect it as a prepaid expense as what we currently do for conferences now, but it does not include hotel and travel expense. This process will also include strong internal controls and budget reviews. In the library's current policy for

travel is very lean on the process for travel and reimbursement for travel. The current process can be found on the library's intranet under accounting and HR. Lolita will email the draft of the proposed new travel policy out to all for their review and feedback. Dr. White asked if Robert, lawyer for the library, got back with Lolita about his research about this new policy? Dr. White stated that Robert was trying to find out if this new policy would be allowed by the State Board of Accounts, which Dr. White knows Mary did work for the State Board of Accounts prior to working here. When Robert spoke with Mary, he felt a little more comfortable with the new policy. The new draft will need to be review because of the prepaid part of the policy per Russell. The concern that Russell stated was the reimbursement back to the library if the staff member does not attend the prepaid conference and what steps are there to recoup the money already spent for the conference. Lolita stated that there are internal controls set in place to help reduce the risk of liability to the Library if the staff does not attend. Such as providing at least a 10 day or two-week cancellation provision. If staff does not meet that requirement, then they are responsible for the cost. Dr White is seeing this not just a finance department policy but also a HR department policy too. Lolita stated that collaboration with HR is in place. If this policy moves forward in the future, then there will also be a credit card policy revision to allow the use of the credit card to purchase these expenses. Mary Rankin stated, we may want to include in the policy that only one out of state conferences per year. Need a strict policy for how many conferences per year per staff for in person conferences. There still need to be more discuss for clarifying the possible new travel policy. Lolita agreed, and stated this is reflected in the draft to follow what the current training and development manager has budgeted for. Which is one in state and one out state conference.

Tuesday, January 9, 2024, at the location Library Service Center (LSC) at 10am.
