3. **Public Comment and Communications**

In view of the extreme emergency facing our city, and in keeping with the Executive Order issued by the Governor, the public was not invited to physically attend the meeting but had the ability to view/listen and/or submit a question/comment to the Regular Meeting via a live stream YouTube link.

At this time, a recent comment received from a patron via the Library’s website was read into the record as follows:

**Comment Submitted By:**

*James Weinmann*

*When the library has an online event like to book discussion, it would be nice to have it recorded and available for access for maybe a week after the event. That way someone who was not able to participate live, or tried to register after registration was closed, could still benefit from the event.*

a. Report of the Treasurer – March 2021

Ije Dike-Young, Chief Financial Officer, discussed the Report of the Treasurer that had been distributed to the Board.

She mentioned that the Library had received its first property tax advance in April. Our revenues year-to-date are approximately the same percentage-wise as 2020. Our interest income is down. Due to the recent move to fine free, that income stream decreased. Expenditures so far are a little less. For example, we have fewer expenses for repairs and maintenance.

Ms. Dike-Young announced that IndyPL had received the Government Finance Officers Association’s Distinguished Budget Presentation Award. This is the first time the Library has won this Award.

The Board members congratulated Ms. Dike-Young and her staff for receiving the Award.

Ms. Payne made the motion, which was seconded by Dr. Murtadha, that the Report of the Treasurer be filed for audit.

The Report of the Treasurer was approved for filing for audit on the following roll call vote:

6. Diversity, Policy and Human Resources Committee (Curtis W. Bigsbee, Chair; Patricia A. Payne, Rev. T. D. Robinson)

a. Presentation on Diversity, Equity, and Inclusion at IndyPL – Q1 Updates

Jessica Moore, Diversity, Equity and Inclusion Officer, gave the Presentation. Details were shared about the Library’s efforts surrounding supplier diversity. She would like each individual department to track supplier diversity. A new tool called EXB Data Tracking Dashboard will be utilized to streamline the data collection process going forward. She said that it is important to look beyond the numbers and work with vendors that share our organizational values. Ms. Moore talked about the IndyPL Equity Council, community engagement and partnerships that can help us achieve our goals.

b. Briefing Report – IndyPL Diversity Overview

Katherine Lerg, Human Resources Director, provided details about the Library’s 2020 Diversity Overview. The report included information about IndyPL’s progress on its staffing diversity goals. Ms. Lerg pointed out that we are slowly increasing the number of male staff. Indeed, a new recruitment package being utilized by the library, along with LinkedIn, will help identify and attract potential staff members from underrepresented groups. It was also noted that the demographics of people who are promoted tend to reflect current staff demographics so the Library will be proactive and thoughtful when recruiting and promoting.

There were several questions from the Board members in response to Ms. Lerg’s presentation. In particular, Dr. Murtadha noted that she is familiar with the use of LinkedIn and Indeed as recruitment platforms but her concern is about the culture at the Library. Do we have a culture where people want to stay? She requested further discussion on the matter.

b. Presentation on Shared eBooks for IndyPL and Marion County Schools (Axis 360)

Deb Lambert, Director, Collection Management, and Sarah Batt, Manager, Shared Systems, made the Presentation.

They discussed the PowerPoint document that had been included in the Board’s packet. It was noted that the Library is shifting from providing e-books for youth on Overdrive and moving to Axis 360 instead. A small high demand and popular collection of crossover teen titles will continue to be available in Overdrive. The goal is to separate youth eBooks from adult eBooks for an age-appropriate safe experience, to establish a common and robust eBook platform shared across Marion County schools, and to grow the public library youth eBook collection where it can be shared with schools.

At this time, Charles Swink, the Media Director of Arsenal Technical High School, addressed the Board. He explained how Axis 360 is being used at Arsenal. He commented that the IndyPL collections and school collections are shared, and schools share their materials with us and each other. He noted that his students appreciate having access to library cards.
